

Continuing Education Programme (CEP) coordinates the various Continuing Education Programmes of this University. Apart from University formal course structure and education system, it continuously explores the opportunity for imparting knowledge to the people outside the realm of University formal education structure.

The CEP co-ordinates various academic, administrative and financial aspects to organize Short Term Courses on different basic as well as research level subjects. These courses are funded by various Government and private funding agencies and cater the need of educational institutions, research organization and industry R&D personnel.

The activity also includes the organization of Conferences / Workshops / Seminars etc. on current and relevant topics. The programmes facilitate publications of the conference proceedings, publication of the University Journals, Ph.D. thesis etc.

All the Continuing Education Programmes are either self sponsored or funded by Govt. and private funding agencies.

"Conference / Workshop / Seminars / Short Term Courses are regularly held. Various funding agencies like DST, UGC, CSIR, AICTE, DRDO, DIT, ISRO, AERB, BARC, INSA etc. help with financial assistance."
